Illustrated Cosmic Monopole (Paperback)

By Wyken Seagrave

Penny Press, United Kingdom, 2016. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a true account of how, following a disaster in CERN on 5 April 2012, you and everyone else on Earth stopped living. The disaster was caused by a particle called a Cosmic Monopole, which had been wandering the Universe since the Big Bang. It was trapped by one of the CERN detectors and transformed into a black hole. This grew, absorbed two men and, moments later, time stopped everywhere in the universe except near fragments of mysterious blue crystal: Time Crystals. Irish schoolgirl Catriona, who was visiting CERN, has to descend through the whole history of the universe collecting crystals in an attempt not only to restart time but to solve the mystery of her father's death years before. This story is based on extensive research by British author Wyken Seagrave guided by documents he has obtained which prove the veracity of this apparently unbelievable story. But, to make it comprehensible to the non-scientist, he has created the pictures and added some details based on what he thinks probably happened. This does not change...

Reviews

This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who state that there had not been a worth reading. You may like how the author publish this ebook.

This book may be really worth a read through, and a lot better than other. It is really basic but excitement inside the 50 % in the pdf. I realized this pdf from my dad and i encouraged this publication to learn.
