

Mymathlab for Trigsted College Algebra Interactive Plus Guided Notebook -- Access Card Package

By Kirk Trigsted

Pearson, United States, 2015. Book. Book Condition: New. Student. 274 x 216 mm. Language: English . Brand New Book. With College Algebra Interactive , Trigsted has once again re-imagined the MyMathLab(r) experience to help students make strong conceptual connections and better retain knowledge. Students engage in learning through videos, and animations embedded within the Trigsted iText. However, the revolutionary power of this new experience is in the Interactive Assignments that allow instructors to truly assign the iText and the animations and videos that are included in it. Exercises are integrated throughout the Interactive Assignments to check student understanding, and answers are recorded in the gradebook. This package contains the Access Kit for the MyMathLab course plus the Guided Notebook. The Guided Notebook is an interactive workbook that guides students through the course by asking them to write down key definitions and work through important examples for each section of the eText. This resource is available in a three-hole-punched, unbound format to provide the foundation for a personalized course notebook. Students can integrate their class notes and homework notes within the appropriate section of the Guided Notebook. Instructors can customize the Guided Notebook files found within MyMathLab.
