---

By Stone, Norman.

Basic Books. 1 Cloth(s), 2012. hard. Book Condition: New. Beginning with the image of an injured Corporal Hitler weeping over his nation's defeat in World War I and ending with America's belated 1990 peace treaty with a reunited Germany, this is a fast-paced yet informative account of the deadliest war in human history. The author of *The Atlantic and Its Enemies* has an eye for compelling details and presents a fresh, sometimes revisionist view of events, elevating his book beyond the level of a simple primer. "Written in a precise, carefully modulated prose, *World War Two* is illuminating as well as often amusing. This absorbing micro-history serves as a tonic to outsize histories, and is pleasingly digressive as well as wonderfully well written." *The Spectator* 238.
