

Choosing a Moral Framework for the War on Terror

By Johnathan B. Hughes

Biblioscholar Okt 2012, 2012. Taschenbuch. Book Condition: Neu. 246x189x6 mm. This item is printed on demand - Print on Demand Neuware - This thesis discusses the two moral frameworks within which the United States can fight the war on terror. Since the war on terror is likely to be long, unlike previous conflicts fought over territory, and global in scale, the United States must mobilize and sustain domestic, international, and media support if it is to succeed. Operating within an accepted moral framework is the best way to achieve the necessary support. Criminal justice and just war are the two moral frameworks. The criminal justice framework denies terrorist groups all legitimacy, but has serious drawbacks in that it is designed specifically to protect the rights of those whom the government intends to prosecute. The just war framework allows all instruments of national power to be used against the enemy, but has serious drawbacks in that treating terrorists as legitimate combatants may encourage their behavior and allow them to seek overt support. Comparing terrorist groups to criminal organizations and to states shows that terrorist groups resemble states, in that their motivation is political rather than pecuniary. 92 pp. Englisch.

Reviews

Very useful for all group of people. It is amongst the most incredible pdf i actually have read through. Its been written in an extremely straightforward way and it is just right after i finished reading through this pdf by which basically modified me, change the way i think.

-- **Felicia Nikolaus**

These sorts of ebook is the ideal book offered. It can be writter in simple terms rather than confusing. I discovered this pdf from my dad and i advised this publication to understand.
