Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The First Book of Lessons in Chemistry, in Its Application to Agriculture: For the Use of Farmers and Teachers The most striking characteristics of the present time are, the numerous applications which are every day made of the knowledge of the laws of nature, which modern science has so successfully investigated. During thirty years of peace the highest intellects of Europe have been dedicated to the advancement of the useful arts; and the discovery of new and refined instruments of research, by giving accuracy to the investigations of the philosopher, have not only enabled him to advance with confidence beyond the footmarks of his predecessors, but even to enter upon and subjugate regions hitherto considered as destined to remain inaccessible to human inquiry. Among the sciences, Chemistry in particular has, within the last few years, advanced with a celerity which even the most sanguine could not have anticipated; and it must be to us a matter of congratulation, that it is our fortune to live in an age in which the advantages of its brilliant...
