

Preschool Pathways to Science (PrePS): Facilitating Scientific Ways of Thinking, Talking, Doing, and Understanding (Paperback)

By Rochel Gelman, Kimberly Brennehan, Gay MacDonald

Brookes Publishing Co, United States, 2009. Paperback. Book Condition: New. G Framework This Book Adresse ed.. 274 x 226 mm. Language: English . Brand New Book. To ensure they re meeting state early learning guidelines for science, preschool educators need fun, age-appropriate, and research-based ways to teach young children about scientific concepts. That s just what they ll get with this hands-on guidebook! The basis for the PBS kids show Sid the Science Kid , this innovative teaching resource helps children ages 3-5 investigate their everyday world and develop the basics of scientific thinking - skills they ll apply across subject areas when they enter school. A fun and engaging way to introduce science to young children, PrePS[trademark] is a must-have because it is based on the domain-specific approach to cognitive development. The collaborative work of cognitive researchers and preschool educators, this approach incorporates lessons learned from developmental research and classroom experience. It provides age-appropriate introduction to key science practices (see sidebar). It supports a range of cognitive and social skills. PrePS[trademark] uses science to help children develop math skills, early literacy and language skills, and social and emotional sensitivity. It taps teachers creativity. Because PrePS[trademark] is designed to energize...
